

Dear Non-Profit Leader,

You have received this letter because a student has or would like to volunteer with your organization. In addition to their desire to help your mission, it is becoming more and more important for students to track and verify the impact, initiative and leadership they have exhibited prior to college and entering the workforce.

Therefore, this letter is to request your participation in Inspired 2 Impact. Inspired 2 Impact is an online resource and social network for students, schools and non-profits to help each other expand their impact and reduce the time needed to document these efforts. (www.inspired2impact.org)

All you have to do to participate is create a profile, post your volunteer opportunities and verify the work that students are doing on behalf of your organization. But if you want to take full advantage of the Inspired 2 Impact program you can also post videos, pictures and communicate with students locally and nationally that care about your cause.

INSPIRED 2 IMPACT! has gathered students from across the country who are changing their communities and the world because of their desire to impact a cause that is important to them. This empowers other students with the understanding that they too can have a powerful influence on causes they care about. We are so excited to watch what these students do once they realize what they are capable of accomplishing. Please join us in extending the reach of this mindset.

As the point person for your organization, you will engage students in your mission by teaching them about your mission and letting them help you fulfill it with their *"youth, passion and influence."* This type of involvement will help them reach their goals as well as spread your mission to the next generation of leaders and contributors.

The program is FREE! To join:

1. Fill out the online registration form (10 min.)
2. Provide background check or complete one online (*If you do not have a background check on file with your organization there will be a one-time fee of \$19.95 to complete an online background check through the site.*)
3. Start posting volunteer opportunities, videos and pictures of your work and impact
4. Begin verifying students' volunteer hours

Other Benefits:

- Promote your organization and mission to students ages 8 to 22 years of age
- Engage students to increase your impact and raise funds and awareness for your cause
- Promote events, conferences and awards
- Communicate with students around the country serving causes like yours
- Help students prepare for the future
- No more paperwork to verify students service hours

For more information check out our FAQs or feel free to contact us at info@inspired2impact.org or 317.519.0262.

Thanks again for your interest and we look forward to working with you and watching the amazing stories students are sharing about your organization.

Sincerely,

Katherine Brooks, President
